

## Combined Use Of BoNTA and Dermal Fillers For Facial Enhancement Masters Techniques

### Program Overview

The course will include extensive hands on injecting experience in best practices and latest, most innovative injecting techniques for global facial rejuvenation and sculpting.

### Target Audience

This activity has been designed to meet the educational needs of physicians, dentists, physician assistants, nurse practitioners and registered nurses involved in the care of patients undergoing medical aesthetic procedures.

### Learning Objectives

Upon completion of the educational activity, participants should be able to:

- Utilize alternative injecting techniques and dosages of BoNTA and/or dermal fillers beyond their current experience safely and efficaciously into previously injected treatment sites.
- Introduce safe and efficacious treatment of BoNTA and/or dermal fillers to injection sites not previously treated.
- Recognize and implement appropriate treatment protocol of injected treatment sites.
